DAILY STAFF MEETING

Wednesday, 12 December 1951

Mr. Davidson noted that a recent report received by OCI confirmed earlier reports collected [] on the same subject. Mr. Becker stated that such confirmations would go a long way toward bringing these two shops closer together.

Colonel Hansen stated that:

- a. David Lawrence was desirous of seeing the Director regarding a piece he wished to do on CIA. Any such article would be given to us first for proofreading and editing prior to its being published.
- b. COLLIERS magazine has a piece on NTS Russian emigre groups which will probably be pigeon-holed due to the violent protests of other groups of this nature.

[]

Mr. Becker asked that Colonel Hansen prepare a check-list of all articles wherein CIA is mentioned, in order that senior officials might examine the list and call for such articles which they might desire to read.

cc: Mr. Harvey, DD/A
